Around the Square

Well, the swimming pool is a past issue.

We have no disagreement with the election but it is unfortunate that so many people disfranchise themselves by not voting.

After an election on a local scale such as Tuesday's, there are too many people who then remind themselves that election day has past. They are the "Oh, was this the day"-ers and the "Oh, I forgot to voter"-ers.

These people—and maybe you are one of them—fail to remember that the "I'm agin' it"-ers don't forget. They are the ones who don't disfranchise themselves.

As side-play, we'll quote a 70-year-old as he was quoted by a local dignitary. The oldster walked along Woodland drive on his way to the polling place.

"Well, are you fer it or agin' it?" he was asked.

"I'm agin the *%?—! pool. I'm too old to swim!" he said.

A few people around town have been saying—apparently without many facts before them—that development of the Hastings Ranch wouldn't carry a share of city taxes.

But look at this: There are (according to the assessment records) 623 IMPROVED pieces of property in this city that pay \$5.75 a year in taxes to the city. This is based on the \$1 general city tax rate and the average assessment of these homes of \$575.

These homes represent 27 per cent of all individual pieces of property in the city. Who's dragging who down?

It's a gift that Volunteer Fireman Marvin Thomas has. Last spring when the fire alarm in the City Hall was being shifted into the police department's quarters, a few test blasts were sounded. Eager and conscientious firefighter that he is, Thomas shot down the hill on his motorcycle.

On the way down, he got tangled up with a Cadillac. Last Friday night at the Firemen's Drill, a hose connection broke. Who got it? Marv Thomas was there.

Said Al Morgan yesterday between chattering teeth, "If this kind of weather had come sooner we could've had a double billing on the swimming pool proposition—it'd make a darn fine skating rink."

The P.T.A.'s blurb for the Youth Fund is about as good as any yet—"Give generously. A twinge in the pocketbook now is better than a twinge in the conscience too late."

Way last summer during the Day Camp program Mrs. George Bouvier's boys generously lugged a lot of their play equipment down to the camp grounds. They didn't think to bring a lot of it back home though. And Mrs. Bouvier has had nose on the trail for weeks now but the stuff seems to be elusive. If anyone has seen lost-looking skeeter, scooter, trike or other wheel goods, check with her at 702 West Alegria.

CAMPFIRE GIRLS sort out and fold sweaters to be shipped to little girls of Calais, France. Cooperating with Campfire Girls from the entire San Gabriel Valley area, local units launched their "Sweaters-to-Calais" project last week. By Oct. 30, they hope to have enough sweaters to assure most of the girls of that French city a sweater for Christmas. Left to right are Elsie Parker, Sarah Corner, and Eliza Batterson, of the Tunda Campfire Girls; Patty Stetson and Carol Hart of the Bluebonnet Bluebirds; Carol Blanke, Humming Bluebird; Sharon Gillette of the Wistaria Bluebirds; Susan Drury (kneeling) of the Humming Bluebirds; Carol Paul of the Wistaria Bluebirds; Judy Perry and Alexandria Batterson of the O-Ki-Zu Campfire Girls. Youth Fund Drive Lagging; Chairman Extends Deadline

Sierra Madre's Annual Youth Fund Drive has been extended one week. Dr. Raymond Simpson, Drive Chairman, announced Tuesday.

Originally scheduled to end today, Oct. 20, the campaign will continue until Oct. 27, or until the goal is reached. Chairman Simpson described results so far in Sierra Madre's equivalent of the Community Chest Drive as very disappointing.

As of Tuesday of this week, only \$600 had been collected by Kiwanis Club canvassers, sponsors of the yearly fund-raising project whereby young people of the Boy Scouts, Girl Scouts, YMCA, Camp Fire Girls, and Toyloan are benefited. Many Kiwanians have not completed their visitation work, or have not yet turned in their collected money, however, so the goal may still be reached by next week," Dr. Simpson said.

Goal for this year's Youth Fund Drive was established after youth groups to be aided in the campaign submitted reports to the Coordinating Council estimating their financial needs for the coming year.

The following is a breakdown of each group's request: Boy Scouts, \$1469; YMCA, \$590; Toy Loan, \$497.80; Girl Scouts, \$495; and Campfire Girls, \$500.

Camp Fire Girls Sending Sweaters To French Girls

Sierra Madre Camp Fire Girls last week began work in their big service project of the year—sending sweaters to girls in Calais, France.

Co-operating with the entire San Gabriel Valley area Council of Camp Fire Girls, five local groups from the three categories of Camp Fire Girls are participating in the drive.

Using the slogan, "Send a Sweater and Gain a Friend," members of the Tunda Camp Fire Girls, the Bluebonnet Bluebirds, the Humming Bluebirds, the Wistaria Bluebirds, and the O-Ki-Zu Camp Fire Girls this week are making preparations for their first shipment of sweaters to the French city.

Calais was chosen because that city was very heavily damaged by bombing during World War II.

In each sweater package, local girls will enclose some note paper and a self-addressed envelope. In this way, it is hoped that the "gain-a-friend" part of the slogan will be fulfilled.

Packages will be handled

through the American Aid to France relief agency. Sweaters should be in good condition, clean, and not in need of mending. The girls are urged to send only the quality sweaters they themselves would like to wear.

While emphasizing that the children will be doing most of the collecting and packing themselves, Bluebonnet Bluebird leader, Mrs. E. W. Carver, 257 E. Montecito, said citizens wishing to help by contributing sweaters could do so by contacting her.

The project will end Oct. 30, so that all packages may arrive in France by Christmas time or the first of the year.

Woman Files \$50,000 Claim Against City

Charging that unsafe Sierra Madre streets caused her to be seriously injured, Patricia Galt Ingram, 1964½ N. Alexandria avenue, Los Angeles, last week filed a claim against the city for \$50,000 damages.

She states that on Aug. 14 of this year she suffered a fractured left knee, a fractured jaw, and a serious head concussion when the automobile in which she was a passenger went out of control after striking a deep culvert at the intersection of Baldwin avenue and Suffolk street.

The claimant charges that the intersection was not adequately lighted, and that no warning signs were posted.

The Police Department said they received no report of the accident.

According to state law, any traffic accident involving personal injuries must be reported within 24 hours after it occurs.

Nursery School Open House Set For Friday Night

The Sierra Madre Community Nursery School Association will hold Open House Friday evening, Oct. 21, at 8 p. m.

All parents and local residents interested in learning about the activities of the Nursery School program are invited to attend. President George Parr said this week.

Arrangements for the Open House, which will be presented in Pritchard Hall of the Congregational Church, are being directed by Mrs. Milton Valois, arrangements chairman, and Mrs. Kenneth Bush.

San Marino Voters OK 3 Bond Issues

With an emphatic majority vote which ran slightly less than four to one, San Marino voters at a special election Tuesday approved all three of the city's bond issues involving a total of \$665,000.

The victorious bonds provide for additional school facilities at a cost of \$240,000 a new library on Huntington Drive to cost \$235,000, and \$190,000 for storm drains.

The San Marino Tribune noted last week that the vote was one of the largest ever recorded in San Marino for a special bond election.

It was pointed out that both the library and storm drain issues were defeated two years ago when they were tied in with and extensive recreation program.

LIGHT VOTE BEATS POOL IN ELECTION

Both Propositions Rejected In Light 29 Per Cent Vote

Sierra Madre voters—at least several hundred of them—resoundingly voted down both propositions of Tuesday's special city election.

With 70.26 per cent of this city's 3691 eligible voters remaining away from the polls, the proposition for a new swimming pool lost by 159 votes and the proposition for the maintenance of the Recreation Program was defeated by 180 votes.

A total of 1098 ballots were cast (29.74 per cent of the eligible voters), according to Lawrence B. Brain, City Clerk and Deputy Registrar of Voters.

The two propositions given an emphatic "thumbs down" were as follows:

1. Whether a tax of not to exceed 10 cents per \$100 assessed valuation should be levied for the maintenance and operation of recreational facilities. Total "yes" votes, 447. Total "no" votes, 627.

2. That a maximum of 25 cents per \$100 assessed valuation be established on the tax rate to pay for the construction of a new swimming pool, this amount being assessed for a period of three years or until such time as \$35,000 is raised. Total "yes" votes, 466. Total "no" vote, 625.

In Precinct A, located at the City Hall and consisting of regular election precincts 1, 3, and 8, (1228 eligible voters) 353 ballots were cast. First Proposition: yes, 152; no, 191. Second Proposition: yes, 156; no, 194.

In Precinct B, located at the Parkhouse and consisting of regular election precincts: 2, 4, 9, 10, and 12, (1612 eligible voters) 481 ballots were cast. First Proposition: yes, 193; no, 278. Second Proposition: yes, 219; no, 257.

In Precinct C, located at the Canyon Bathhouse and consisting of regular election precincts: 6, 7, and 11, (851 eligible voters) 264 ballots were cast. First Proposition: yes, 102; no, 158. Second Proposition: yes, 91; no, 174.

Last special city election was held July 15, 1947. At that time, 1200 voters recorded 750

"no" votes against 488 "yes" votes to overwhelmingly defeat the proposed city employee retirement plan. In 1947, 1200 voters represented approximately 41 per cent of the city's eligible registered voters.

In commenting on the election results, Councilman William Kinney said he is "keenly disappointed that the propositions were defeated."

"We thought we would have a much-needed swimming pool and the recreation program placed on a business-like basis. We'll have to make the best of it. The election shows what the people want, and we will abide by their decision, of course."

Man Cleared In \$60 Theft

Fiery accusations punctuated a session of City Court early Saturday morning.

And when the smoke cleared, Judge John C. Mead acquitted T. Grant McGuirk, 1216½ Garvey avenue, El Monte, of suspicion of stealing \$60 from Sierra Madrean Anita Adkins.

Complainant Adkins accused McGuirk of taking \$60 from her purse on Oct. 12 after he helped move her belongings from the home of her former employer, 310 E. Highland, to a local hotel.

The complainant testified that McGuirk helped her store her clothes and personal belongings in her room and had left shortly afterward. She charged that he took approximately \$60 from her purse. "I did not take the money," Defendant McGuirk stated flatly. He pointed out that Miss

Search Ends Happily With Goodwin's Rescue

A grim drama ended happily Friday morning when Lew Goodwin, 20-year-old Navy veteran and son of Sierra Madre Chamber of Commerce Secretary Rosalie Goodwin, was found safe by forest rangers.

The national spotlight had been focused on the search for the youthful PCC student, who had become separated from three companions Sunday while on a hunting trip near Florence Lake, California.

Goodwin started back to school Monday morning, none the worse for his five days without food or shelter.

His rescue early Friday ended a huge-scale air and ground manhunt, conducted by deputy sheriffs and men of the U. S. Forestry Service.

"These men should be praised to high heaven for the wonderful work they did in locating my son," Mrs. Goodwin told the NEWS Monday.

She particularly thanked Sheriff Hubert Nevins for his tireless assistance in the search and his skills in following tracks which were always a day and a half old.

Members of the rescue party agreed that young Goodwin's cool head and unusual understanding of mountainous terrain saved him from serious injury or death in the "extremely rugged country."

Goodwin and his companion

lion deer hunters, Ed Nickerman, Bob Wolverton, and Wayne Campbell, arrived at Cow Meadows hunting grounds Sunday noon. The foursome divided into pairs and began hiking and hunting in the area surrounding Huntington Lake.

Following the tracks and signs of a deer, Lew became separated from his partner. He pursued the animal for "quite a while," but decided to turn back before he became lost. But he was too late . . .

He was trapped in a huge gorge, having sides too steep to climb. By always remaining close to drinking water from the San Joaquin River, however, Lew was able to maintain his strength as he struggled over boulders and through brush in an effort to reach safety.

Several times, Goodwin reports that he swam the river, thinking he would be able to climb out from the opposite side. During these "swims,"

Kiwanis District Convention Meets Sunday, October 23

Members of Kiwanis Clubs of the California-Nevada District, together with their wives and families totalling an estimated 3000 will assemble in Long Beach this Sunday, Oct. 23, to open the 29th Annual District Convention.

Attending the four-day convention as delegates from Sierra Madre's Kiwanis Club will be President Earl Gossard, Jim Spencer, president-elect for 1950, and Charles Klunk. Several other alternates and members plan to be present, it was announced by President Gossard.

The speaking program at the convention will feature international President J. Hugh Jackson of Palo Alto, Calif., and Don H. Murdoch, International Vice-president.

Murdoch is coming to the convention from his home at Winnipeg, Manitoba, and will speak on "Canada and the United States" during one of the conference sessions.

An important business phase of the convention at the Long Beach Municipal Auditorium, will be the election of district officers for the next year.

President Gossard said three Sierra Madre Kiwanians attended last year's District Convention at Reno, Nevada. The

California-Nevada District consists of 19 divisions, Sierra Madre and seven other neighboring cities being in division 15.

INSTALLATION OF BOOSTER PUMP NEAR COMPLETION

Installation work on Sierra Madre's new booster pump probably will be completed by the end of this week, Acting Street and Water Superintendent Vernon Udell said Tuesday.

Udell said the new pump may be put into service "to see how it works" and to give one of the older pumps a rest. Sierra Madre's new pump was delivered Sept. 30, and connecting work was begun during the following week.

Delivery of the pump had been delayed several times because of imperfections discovered in the original casting.

Chairman Names Committee Heads For Flower Show

Mrs. William Burr, general chairman of the Flower Show and Bazaar which will be held in Pritchard Hall Friday, Nov. 4, has appointed Mrs. Convers Twycross as her co-chairman.

Also named by Mrs. Burr as committee chairmen were Mrs. Elizabeth Turner, potted plants; Mrs. John Spoelstra, aprons; Mrs. Lewis George, cooked foods; Mrs. Arthur Embree, white elephant; Mrs. Ben Mobley, tea; Mrs. Ruth Blake-man, decorations; Miss Martha Pritchard, reception; Mrs. Lewis George Jr., posters; and Mrs. Maybelle Barker, publicity.

Judges of cut flowers and flower arrangements will be Mrs. Ralph Russell and Mrs. Emile Smith.

Chairman Mrs. Burr said all entries should be in by 10 a. m., and anyone wishing to leave his entry any earlier than 9 a. m. should make special arrangements with her.

The entire community is invited to participate in the Flower Show, Mrs. Burr said. A silver tea will be served in the afternoon.

Lt. Commander Howard Addresses Kiwanis

Kiwanis Club members went into action with the U. S. Navy PT Boat squadrons Tuesday noon—mentally, at least—when Club member Lloyd Howard related some of his experiences of World War II.

Howard, who is a Lieutenant Commander in the Naval Reserve, served as an operational officer with Motor Torpedo Boat Patrol 21 during several campaigns in the Pacific theater.

He described the characteristics and tactics of the PT's, which are 83-foot plywood speedboats powered by three Packard engines. Armed principally with torpedoes, these boats were used extensively in the attack and reconnaissance work of several major operations against the Japs.

Visiting Kiwanians at Tuesday's meeting including Dr. Archie Turrell, principal at John Muir College and a member of the Pasadena club; Richard Hassler, dean of administration at Muir College and a member of the Altadena club; Dr. Charles L. Haines of Altadena; J. A. Elms of Altadena; and Carl Wedburg, Southern California Edison Company District Manager in Monrovia and former president of the Compton Kiwanis Club.

Civic Club Stages Sale

Anything from a mystery book to a pair of men's socks was on sale Friday and Saturday, when the Civic Club conducted its annual Rummage Sale.

Through the courtesy of the Pacific Electric Company, the sale was located this year at the PE station.

Civic Club Ways and Means Chairman Ruth Sauter said money obtained from the sale would go into the club's philanthropy fund.

Mrs. Sauter reported that many townspeople had purchased used clothing to send to Europe as a part of overseas relief programs.

"We want to thank local businessmen for contributing valuable and salable merchandise for the sale," she said.

RUNAWAY AUTO CAUSES DAMAGE

Has anyone seen my car? That is what Jeff Abb Bumgartner, 113 E. Cherry street, Monrovia, was wondering when his "parked" automobile ran away Sunday morning.

His roaming roadster rolled 250 feet from its original parking place at 363 Sycamore Place, diagonally across Sycamore Place and jolted to a halt in front of 312 Sycamore Place.

Damage: The guide wire of the Edison Company pole was severed; the pole was badly scarred; two mail boxes were knocked down; the car's front fender was dented; and his front and rear left tires were punctured.

Bumgartner said the brakes of his automobile were set when he parked it to pick up his children who were staying overnight at the home of friends, 363 Sycamore Place.

Underprivileged children in more than 3,000 U. S. and Canadian communities will receive assistance from a far-reaching program of youth welfare announced this week by, left to right, J. Hugh Jackson, Stanford, Calif., president of Kiwanis International; Charles Pettijohn, Hollywood, executive secretary of the National Kids' Day Foundation; and J. Belmont Messer, St. Marys, Pa., immediate past president of Kiwanis International.

Jackson, in announcing the cooperative effort, said "the problems of underprivileged children are the problems of the entire nation, but their solution depends upon local action. There are more than 3,000 Kiwanis clubs which are geared for participation in the program."

Focal point of the campaign will be the observance of an annual "National Kids' Day," the first to be held Saturday, Nov. 19, when each community will be asked to enlist the support of its citizens in meeting the problems of local youth.

"National Kids' Day" sponsors emphasized that it will not be celebrated as a holiday or used as a gift-giving occasion. "Observance of this day," Jackson said, "is a means of rallying the forces of each community toward solving local juvenile problems. We hope to raise funds to carry on a year-round program of youth activity in cities and towns in the U. S. and Canada. Money raised locally will be spent in the same community for the benefit of children."

ALA Plans Vets' Gifts

At a meeting of the Sierra Madre Legion Auxiliary Thursday evening, plans were made to send Christmas gifts to the Veterans Gift Shop at San Fernando Hospital.

Meeting at the home of Mrs. Wayne Beisel, formerly of Sierra Madre but now living at 10 E. Forest avenue, Arcadia, the Sierra Madre unit voted to present eight gifts, each valued at \$3.

According to President Mrs. Edna Fallier, all California units of the Legion Auxiliary join in this gift shower so that each hospitalized veteran may choose gifts for members of his family.

Other business at the meeting was the voting of \$20 for child welfare work in Sierra Madre; \$10 to the district hospital budget; and \$5 to the Sister Kenny Polio Fund.

Sierra Madre's unit was co-hostess with Monrovia to the 18th District last Monday night at the Monrovia Clubhouse.

Next meeting of the Auxiliary will be held Oct. 27 at 8 p. m. at the home of President Fallier, 55 W. Olive street.

Mrs. Fallier announced this week that Mrs. Leila Embree was recently installed as District Musician.

New Officer Starts Duties

Stanley D. Fish, who was hired as a city police officer on Oct. 1, completed his two-weeks' indoctrination course last week and officially began his duties with the Sierra Madre Police Department.

Named to fill the vacancy created by the recent resignation of Officer William S. Chunn, Officer Fish's appointment was approved by the City Council at its Sept. 27 meeting.

The new policeman attended intensive training classes conducted by the Los Angeles County Peace Officers' Association in cooperation with the Federal Bureau of Investigation.

The two-weeks' course included instruction in the use of firearms and basic police training. A resident of Sierra Madre for many years, Officer Fish lives at 130 E. Montecito.

Lecture Tonight On Sex Education

Sex education will be the topic of Dr. Barney Katz tonight, 7:30 p. m., when he presents the fifth in a series of Family Psychology lectures at the Monrovia-Arcadia-Duarte High School Auditorium.

According to Dr. Katz, every parent is faced with the problem of just when to approach the subject to their children. Should it be taught in schools? When should sex education begin?

Dr. Katz is expected to give some of the answers tonight from the psychologists' point of view.

FIRE FLAMES

Having passed through FIRE PREVENTION WEEK without a serious fire or even a fire—the Fire Department are grateful to everybody. It takes care to prevent fires.

The men of the department were anxious that we have a week without a call. One call came in—but the fire was out on arrival and very little damage done.

Our loss last year exceeded the year before and that's not good. We have more people of course, and yet we feel somewhat disappointed. One of the most costly fires that we experienced during the year was a dwelling set fire by a small boy playing with matches in a clothes closet. Good fortune saved the life of his little brother who slept in an adjoining room.

During a fire drill last Friday evening, a hose coupling broke near the pumps while Marvin Thomas worked there. It was first thought that he was seriously injured, and after a doctor had been called by radio police car, he jumped to his feet unhurt other than a bruise and a shortness of wind.

Marvin finished the drill and after a change to dry clothes, attended the regular meeting. His brother Bob Thomas and Harold Spears were also near the break and received a shower of water that called for a change of clothing. Accidents such as these rarely occur, yet they could be serious. We're all glad to know that "Mo" was not hurt.

A definition of "poverty" in "Home Life" read like this: "A miserable state of existence which deprives one of many things he is better off without."

(Methinks that's purty good.)

The question seems to be whether we annex Hastings or not. There is one thing certain to be solved as we listen. We will find that unless it is a benefit to some individuals, one way or the other, they will surely be agin' it or fer it.

They should say, "If it helps me, it should help you, and if it helps me and hurts you—then I'm agin' it." (But we ain't built that way, somehow.)

Some of the "riff raff" have been sorely hurt already by the remarks of a small minority. This brings up the question, "Is it because of hot air that so many diplomats wear stove pipe hats?"

Some folks' language destroys the purpose for which they speak.

Sierra Madre passed up a good bet when a few voters influenced those in power to decline the purchase of the property south of the present swimming pool. A park there would have been an attraction to Sierra Madre unexcelled by anything they can build here in the future.

Some wonder whether the fire department can reach the Hastings Ranch section "in case."

There is no reason to believe that the equipment cannot get there in just as reasonable time as to the eastern and

Schools Observing National Posture Week

NBC Television stars Roberta Quinlan and "Howdy-Doody" review 1949 poster at Rockefeller Center, New York, which the schools of the nation will unveil to millions of children during the 11th annual National Posture Week, October 17 to 22. The event is sponsored by The Samuel Hixby Camp Institute for Better Posture, New York, founded by the late S. H. Camp of Jackson, Michigan. Colleges, the "Y's", large industrial plants, government bodies, nursing organizations and physicians cooperate with programs during the week, using posters especially designed for adult groups. The children's jingle reads: "It isn't smart to slump or sag; Because our health and marks will lag. We learn from teacher, play and books; Good Posture helps our work and looks."

TREE YIELDS RECORD CROP OF AVOCADOES

One tree, 6000 avocados. This amazing record was announced last week by Col. Walter D. Thurber, 470 Manzanita.

The Sierra Madre officer was not certain just how much of a record yield his tree was establishing until last week, when the United Avocado Growers Association purchased 5715 avocados from that one tree.

Colonel Thurber estimates that an additional 275 to 300 avocados were consumed or stored by his family and friends.

Avocado raising became a hobby of Colonel Thurber approximately two years ago, when his yard became littered with the fruit from a tree he previously had considered good only for "shade" purposes.

Research revealed that the "shade tree" is 45 years old and is the only avocado tree of its type.

In state fruit circles, the tree is identified as "Thurber Registered Root Stock No. 1," and it is the only registered root stock in the annals of the California Avocado Society.

Colonel Thurber said that the tree has a germination rate of 97 per cent—normal avocado trees only averaging 60 per cent.

Another unusual feature of

the tree is the fact that approximately 92 per cent of the buds "take" when attached to the root stock. The Colonel said 50 per cent of the buds on other trees usually do not "take."

Thurbers now have 600 avocado trees in their yard, and plan to plant an additional 300 this year.

Gallery Displays Work Of Artists Equity Assn.

Stever Art Gallery announced this week that paintings of 20 members of the Artists Equity Association are being shown there during the month of October. The Gallery is located at 285 S. Los Robles, Pasadena.

According to Fred Briggs Stever, the Artists Equity Association is a national, non-political organization representing artists of America.

"The Association was formed two years ago to further the economic interests of American artists and to give strength and effectiveness to their projects," Stever said.

The Stever Art Gallery is the only gallery in this area showing the works of this group.

Pioneer Woman Resident Celebrates 88th Birthday

One of Sierra Madre's pioneer women, Mrs. Mary Davidson Caley, celebrated her 88th birthday last week at the family home, 233 Ramona.

Mrs. Caley is reported to be the oldest resident living. She came to Sierra Madre from Cleveland, Ohio, in 1895, with her husband, William P. Caley. Their first home was where the Safeway Store is located now. Many of the stores on Kersting Court are still owned by Mrs. Caley.

When Sierra Madre was incorporated in 1907 Mr. Caley became the first City Marshal, Street Superintendent and Tax Collector. He died in 1943.

Mrs. Caley is a charter member of the Sierra Madre Women's Club and a member of the Congregational Church.

Although she is in delicate health, Mrs. Caley still welcomes many of her old friends. She resides with her daughters, Mrs. Maybelle Barker,

Mrs. Hilda Noble, and her only grand-daughter, Nadine Noble.

Last Rites Held For M. L. Rutan

Funeral services were held Tuesday, 1 p. m., for Martin Luther Rutan, who passed away Friday afternoon, Oct. 14.

A resident of Sierra Madre for several years, Mr. Rutan is survived by a sister, Mrs. Jennie Cole of Glendale; a brother, Erwin Rutan of New Jersey; and a son, LeRoy R. Rutan of Sierra Madre.

Interment was at Live Oak Cemetery.

MRS. SAMMET'S RITES CONDUCTED

Mrs. Bertha Sauer Sammet, prominent for many years in the civic affairs of Sierra Madre, died suddenly Sunday, Oct. 16, in a Pasadena Hospital. She had been ill for only two days.

A native of Switzerland, Mrs. Sammet had been a resident for the past eight years, living for the last year with Mrs. R. F. Hawley, 313 Sycamore Place.

She was a life member of the Order of the Eastern Star and a member of the American Legion Auxiliary.

Mrs. Sammet is survived by three sons, Wendell P. Sammet of New York, and George and Francis of Massachusetts. Wendell arrived in Sierra Madre Monday night to help with funeral arrangements.

Services were conducted Wednesday afternoon, the Rev. Carl Smith officiating.

SEARCH ENDS HAPPILY

—From page one

Lew placed his clothing on a log and pushed it along in front of him. By keeping his clothes dry, examining doctors agreed that Goodwin prevented suffering from exposure.

Early Monday, Lew said he discarded his rifle because of its heaviness. Ironically, he spotted a three-point buck several hours later.

Smiling wryly, Goodwin said: "I didn't think I could kill it with my pistol, so I didn't even bother it."

He had 12 matches when he started out Sunday, and still had six left when he came back to civilization Thursday. Each of the five nights, Lew lit a fire to keep warm and, on Thursday night, it was his fire that gave rescuers their first glimpse of the lost boy.

Two forest rangers spotted the fire late Thursday night. Although the estimated distance was only 200 yards, the terrain was so rugged they decided to wait until morning before attempting to reach him.

(Goodwin had wisely elected not to do any traveling during the five dreary and cold nights when he was lost. He explained—and rangers praised him for his judgment—that the shadows and boulders were too deceiving at night for safe hiking.)

Early Thursday morning, the hunters and the hunted were reunited, and Goodwin was able to walk out of the danger area unassisted.

Although not having any food for five days, he said he was not aware of hunger until he first smelled the cooking food back at camp. Contrary to reports published in several newspapers, Lew did not have any candy bars with him.

According to Mrs. Goodwin, who flew to the scene Thursday morning, rescuers were planning to carry on the search in a blimp if the boy had not been rescued by Friday night. Planes, she said, had proved to be too fast in the necessary "fine-tooth-combing" of the area.

She had only learned that her son was missing on Wednesday afternoon—three days after his separation from friends.

Goodwin lives with his mother at 271 N. Sunnyside.

MAN CLEARED

—From page one

Adkins did not discover that the money was missing until the next morning. "So, it could have been anybody," he said.

Both parties testified that they had become acquainted earlier in the afternoon when they were seeking jobs at a Pasadena employment agency.

There, it was revealed, the complainant had told McGuirk she needed some help in moving, and he had agreed to drive her luggage to the new address.

In finding the defendant not guilty, Judge Mead said no evidence had been produced to show beyond a shadow of doubt that McGuirk had stolen the purse.

Services Conducted For Robert Beyrle

Pioneer Contractor

Last rites were conducted yesterday afternoon at Grant Chapel for Robert Beyrle, 90, a resident of Sierra Madre for four years, who died Monday, Oct. 17.

A citizen of the United States for 77 years, Mr. Beyrle was a native of Alsace-Lorraine. In Sierra Madre, he resided with his daughter-in-law, Ruth Green Paul, at 83 N. Sunnyside.

Mr. Beyrle was a well-known building contractor in the Los Angeles area. He did much contracting work on the Broadway district, and was in charge of construction of the Seventh street bridge.

He is survived by a brother, Phillip, a sister, Mary Wilkinson, both of San Gabriel; a son, Charles of San Marino; a daughter, Mrs. Katherine Kilbourne of San Bernardino; and another sister, Mrs. Minnie Burhrer of Los Angeles.

The Rev. Carl Smith officiated at yesterday's funeral service at Grant Chapel. Commitment was private.

Having always regarded the Broadway tunnel as his personal monument, Mr. Beyrle died Monday without knowing that the tunnel is being torn down. He also contracted for and built the first Santa Fe Depot in Los Angeles, and the first L. A. High School.

He came to Los Angeles in 1899, originally as only a visitor, but he liked the area and

climate so well that he decided to remain.

As one of the earliest settlers of Texas, Mr. Beyrle often told friends how that country was so thinly populated during his youth that to keep from becoming lost, it was necessary to constantly observe the stars.

W. C. Jouvenat and Joan Hoffman Married Sunday

The J. Baxter Jouvenat home on West Montecito was the scene of an intimate wedding Sunday, Oct. 16, when their son, William Cranston Jouvenat, claimed Joan LeConte Hoffman of Pasadena, as his bride. Miss Hoffman is the daughter of Mrs. Mary Hoffman of Ojai, Calif.

The ceremony, which began at 3 p. m., was held before the Jouvenat's huge living room window, amidst bouquets of fern and white chrysanthemums. Rev. McClure, retired Pasadena minister, officiated.

Attending the couple, were Joanne McClure of Pasadena, and the groom's brother, Jack Jouvenat, who flew here from Albuquerque, New Mexico.

The bride wore a grey wool suit, black accessories and a corsage of baby white orchids. Her bridesmaid, Miss McClure, wore an all-Navy ensemble with a gardenia corsage.

After a reception, the couple left for a honeymoon at Lake Arrowhead. They will make their home in Pasadena.

The groom is with the J. C. Robinson Company, and the bride works for the Pasadena Star News.

7 Motorists Forfeit Bail

In traffic court Saturday morning, seven violators forfeited their bail by not appearing.

Harry Curtis Thayer, 660 Canyon Crest, was ordered to appear Oct. 29 for a continuation of his case. He had been cited for deficient brakes in connection with a collision on Sept. 22 in which motorcyclist Benedict Doucet suffered a fractured left leg.

Judge John Mead said Doucet probably would be able to be present in court by Oct. 29. Thayer's bail was set at \$15.

Two motorists were charged with parking in the closed area on Mount Wilson Road.

Ronald Mackie of Pasadena paid a \$5 fine; Jack Indreland, of San Gabriel was ordered to reappear in court this Saturday, Oct. 22.

Lois Faller To Be Wed Friday Night

At eight o'clock tomorrow, Oct. 21, Lois Marie Faller, daughter of Mrs. Edna Marie Faller of 55 Olive, will become the bride of Elden Wayne Fuller, son of Mr. and Mrs. Raymond E. Fuller of Arcadia.

A candlelight ceremony at the First Presbyterian Church in Monrovia, will be performed by Rev. Lawrence E. Fisher.

The bride has elected to wear a white satin gown, with lace-edged long sleeves, square neck, and train. She will carry an all-white bouquet of carnations with a glimmilla center and wear a fingertip veil and crown.

Her sister, Pat Faller, will be maid-of-honor. She will wear green moire taffeta.

Her gown will be complemented by the darker green taffeta gowns of the bridesmaids. All are styled alike, with a soft rolled collar and wide plunging neckline. They will carry bouquets of tall-man roses. Bridesmaids will be: Betty Ruth Fuller, sister of the groom; Erlene Kinsley, Janie Hutchings, and Joyce Gilmour, all of Arcadia.

Maurice Fuller, brother of the groom, will act as best man. Ushers will be: Ralph E. Connor, Richard Cole, and Keith Jones, of Monrovia, and William Neal of Highland Park.

Guests attending the reception in the church, will be greeted by Mrs. Edna Faller, mother of the bride, wearing a light brown formal, matching mits and a yellow rose corsage.

Also in the reception line will be the groom's mother, Mrs. Raymond Fuller, who will wear a pale rose gown with a matching corsage.

After a Sequoia honeymoon, the couple will reside on Montecito Avenue in Sierra Madre.

STROKE VICTIM

Mrs. Robert Charles Lewis of 527 Manzanita suffered a stroke last week and is now at the home of her daughter, Mrs. Nellie Vieira, 487 Woodland Drive.

MILLER-HITCHCOCK VOWS TOLD

The surprise marriage of Carolyn Lee Miller and Ronald James Hitchcock, was announced this week. The young couple are making their home in the Sierra Madre Canyon, at 773 Woodland Drive.

The ceremony took place September 10, at the home of Judge Ward of Altadena. They were attended by Mr. and Mrs. Don Lasswell of Pasadena.

The bride, formerly of Sierra Madre, is the daughter of Al W. Miller of 550 N. Hermosa, and Mrs. Grace Miller of Pasadena. Her paternal grandparents are Mr. and Mrs. William J. Miller of 67 W. Highland.

The groom is the nephew of Mr. and Mrs. Everett T. Hitchcock, who recently moved from E. Sierra Madre Blvd. to San Miguel, Mexico. Mr. Hitchcock, a navy veteran, is a Monrovia graduate and attended Pasadena City College. He plans to re-enter college in February, as a law major.

His bride will graduate from PCC this February.

POLITICS, HUMOR FOR WOMEN'S CLUB

Amendments to the November 8th election will be discussed by Mrs. Harold Washburn, at the meeting of the Sierra Madre Women's Club, 2 p. m. Wednesday, Oct. 26 at the Clubhouse. Mrs. Washburn is President of the League of Women Voters.

According to Mrs. Loyd Wilson, program chairman, Mrs. Robin Pratt, humorist, is also scheduled to appear. Tea will be served following the program.

Edison Company Marks 70th Year

This week marks the 70th Anniversary year of Thomas A. Edison's invention of the incandescent lamp, on Oct. 21, 1879, and the founding of the nation's electric light and power industry, according to C. O. Wedberg, Southern California Edison Company District Manager.

"The development of electric power has brought millions of people jobs, comfort, and conveniences undreamed of 70 years ago," Wedberg pointed out, "and has helped make possible today's electrically powered industrial and farming methods."

Check Gas Fixtures, Health Officer Warns

With the advent of cooler weather, Dr. Roy O. Gilbert, Los Angeles County Health Officer, has issued a warning to home owners regarding the use of heating appliances which have not been in operation during the summer months.

All fuels when burning sometimes give off carbon monoxide, usually because of poor adjustment of the burner, Dr. Gilbert said. Flames, burners, and drafts on all appliances and equipment, including heaters and stoves should be carefully adjusted before being used to insure efficient operation and a minimum of carbon monoxide gas.

Heralding the current business slogan of "Buy Now," these two lovelies will be among the bevy of glamorous models and movie stars who will attend the 2nd annual costume ball of the Advertising Club of Los Angeles and the Los Angeles Advertising Women at the Ambassador Hotel on October 22nd.

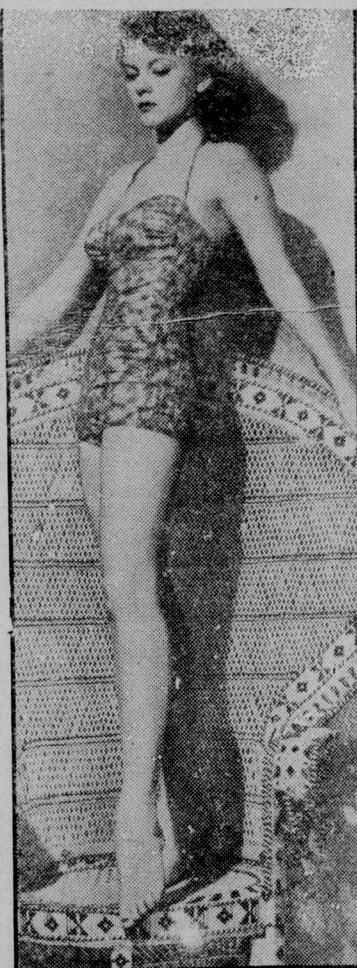

The ball has been titled "Ad-Tractions of 1949," and members will wear costumes representing the trademarks and advertising slogans of their clients.

Here Myrtle Carter, right, displays the latest in ladies' wear as she presents blonde Beatrice Danforth with a hat also made from the "long green."

Art Institute Offers Water Color Display

Pasadena Art Institute tomorrow will present the 29th Annual Opening of the California Water Color Society. The display will be open this year from October 21 through October 28.

Art collections of 9th to 19th century Persia and Mohammedan India will be featured at the Art Institute during the next few weeks. Textiles, pottery, manuscripts, miniatures, and jewelry are displayed in this exhibit which closes Monday, Nov. 21.

CALL OF THE WILD—Peggie Castle, one of Hollywood's cheesecake cuties, demonstrates what one film fashion designer calls the "nature look." The designer expects the new fashion to bring women back to their natural looks by eliminating flaring hair-dos, falsies and shoulder pads. Peggie seems to be on the right track.

MUIR SCREEN TOURS TICKET SALE STARTS

John Muir College students' drive for selling memberships in the Muir Patrons' Association-sponsored Audubon Screen Tours began Monday, Oct. 7, according to Sue Mellette, member of the student committee.

Students hope to make the five Screen Tours a family affair, and are selling as many tickets as possible. The first tour, "Canada West" with Bert Harwell as lecturer, is scheduled for Thursday, Nov. 3.

Beginners Offered Square Dance Class

A beginners' class in "Square Dance Fundamentals" is being offered on Thursday evenings from 7 to 8 p. m. at the Pasadena Civic Auditorium. The class precedes the regular weekly Civic Square Dance.

"Skipper" Steimle, instructor-caller and dance director, said the class is open to all teenagers and adults.

LEGAL NOTICE

Notice is hereby given that the Governing Board of the Sierra Madre City School District proposes to offer for lease on Sunday, April 23, 1950 the facilities of the school auditorium which will not be needed for school purposes on that date. The minimum rental fee, as established by the Rules of the Governing Board Article VI, Rule 4, shall be \$200 per hour. The lessor shall in addition to this rental fee pay all costs of the legal advertising involved.

Sealed proposals relative to this lease will be opened and considered at the regular public meeting of the Board of Trustees to be held November 8, 1949 at 8:00 P. M. at the Sierra Madre City School.

NOTICE OF PUBLIC HEARING BEFORE THE PLANNING COMMISSION OF THE CITY OF SIERRA MADRE FOR AN AMENDMENT TO ORDINANCE NO. 391 OF SAID CITY.

Notice is hereby given that a public hearing will be held by the Planning Commission of the City of Sierra Madre on Thursday, October 27, 1949 at 8:00 P. M. in the Council Room of the City Hall of Sierra Madre, for the purpose of hearing evidence, objections or arguments for or against a proposed change or amendment in Ordinance No. 391, the Land Use or Zoning Ordinance of the City of Sierra Madre.

The matter to be considered is a change or a reclassification of the property described as follows:

Portions of lots 14 and 15 of Tract 8305 which real property is located at 382 W. Montecito Avenue.

Said real property is now classified as an R-1 (Single Family) residence district, and it is proposed that the ordinance of the City of Sierra Madre be amended to reclassify said property as an R-2 (Two Family) residence district.

Any interested person may appear, either in person or by an agent or representative, at said public hearing and be heard.

No. 29429 NOTICE OF INTENTION OF THE BOARD OF SUPERVISORS TO PURCHASE EASEMENTS FOR PUBLIC ROAD AND HIGHWAY PURPOSES FOR SIERRA MADRE AVENUE.

Notice is hereby given that it is the intention of the Board of Supervisors of the County of Los Angeles, State of California, to purchase on behalf of said County, an easement for public road and highway purposes to be known as Sierra Madre Avenue, over that certain property described as follows:

Parcel No. 8-3.
Parcel 1.
That portion of Lot 21, Tract No. 1342, as shown on map recorded in Book 18, pages 122 and 123, of Maps, in the office

of the Recorder of the County of Los Angeles, within a strip of land 100 feet wide lying 50 feet on each side of the following described center line:

Beginning at the intersection of the center lines of Clark Street and Sierra Madre Avenue, as shown on map of Tract No. 13624, recorded in Book 295, pages 23 and 24, of said Maps; thence southerly in a direct line to the intersection of the center lines of West Ramona Boulevard and Sierra Madre Avenue as shown on said last mentioned map.

Parcel 2.

That portion of above mentioned lot within the following described boundaries:

Beginning at the intersection of the easterly line of the above described strip of land with the northerly line of said lot; thence easterly along said northerly line 17 feet; thence southwesterly in a direct line to a point in said easterly line, that is southerly thereon 17 feet from the point of beginning; thence northerly in a direct line to the point of beginning, from Laurence K. Gould and Betty L. Gould for the sum of Three Hundred, Ninety One Dollars and Fifty Cents, (\$391.50).

Notice is also hereby given that said purchase will be consummated on Tuesday, November 15, 1949, at 10 o'clock a. m. By order of the Board of Supervisors of the County of Los Angeles, State of California, adopted October 11, 1949.

HAROLD J. OSTLY,
County Clerk of the
County of Los Angeles,
State of California and
ex-officio Clerk of the
Board of Supervisors of
said County.

Ordinance No. 494 AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF SIERRA MADRE, AMENDING SECTION 14 OF ORDINANCE NO. 469, OF THE CITY OF SIERRA MADRE, ADOPTED JANUARY 27, 1948, RELATING TO THE SUB-DIVISION OF LANDS IN SAID CITY.

THE CITY COUNCIL OF THE CITY OF SIERRA MADRE, CALIFORNIA, DOES ORDAIN AS FOLLOWS:

SECTION 1. That Section 14 of Ordinance No. 469 of said City of Sierra Madre, entitled, "An Ordinance of the City of Sierra Madre establishing in said City rules, regulations and standards for the subdivision of land and for the preparation and presentation of subdivision maps, and providing penalties for the violation thereof," adopted January 27, 1948, be and the same is hereby amended to read as follows:

"Section 14. (a) Whenever an owner seeks to divide or subdivide any land, improved or unimproved, or any portion thereof, shown on the last preceding tax roll as a unit or as contiguous units, into four or less lots or parcels and such parcels when so divided do not meet the minimum frontage and area requirements for lots set forth in this ordinance or in any existing zoning ordinance of the City of Sierra Madre, such owner shall prepare and file with the Planning Commission a written application signed by the owner setting forth the following information (1) the name and address of the owner, (2) the legal description of the land proposed to be divided or subdivided, (3) a statement as to the easements thereon, and (4) such other information as the owner may desire to present, together with a plot plan, or map, showing the original lot or parcel of land as shown on the map of record and the lots or parcels of land into which said original lot or parcel of land is proposed to be divided or subdivided. If the Planning Commission finds that the parcels so proposed to be divided equal the average frontage and area of adjoining lots or recorded parcels of land, and/or determines that the division or subdivision of such real property does not injuriously affect the neighborhood wherein said real property is located, the Commission shall authorize such division or subdivision. The Planning Commission may refer any such application for the division of real property to the City Engineer of the City of Sierra Ma-

dre for his recommendations and if any such recommendation or recommendations be adopted by the Commission and made a condition of the granting of any application the Commission may require the owner to furnish a surety bond in the sum equal to the cost of the work or improvement involved in any such recommendation as estimated by the City Engineer to guarantee the faithful performance of such work or improvement.

In lieu of the bond above specified a deposit of money in the same amount may be made with the City Clerk or a responsible escrow agent approved by the City Council.

(b) No building permit shall be issued by the Building Superintendent of the City of Sierra Madre for any building or structure to be located upon a parcel of land not shown as a separate and distinct lot on the map of record of the subdivision of the tract in which such parcel is located, nor on a parcel of land not fronting or abutting on a public street or having access to such street over a private street or easement of record provided that whenever in the opinion of the Planning Commission such parcel is of such size or shape or is affected by such topographic conditions or is to be devoted to such use that it is impracticable in the particular case to conform fully to the regulations of this section the Commission may modify such regulations.

(c) No lot or parcel of land held under separate ownership at the time this section became effective shall be separated in ownership or reduced in size below the minimum lot width or lot area required by any applicable zoning or other ordinance of the City of Sierra Madre nor shall any lot or parcel of land held under separate ownership at the time this section became effective and which has a width or an area less than is required by such ordinance be further reduced in any manner. No portion of a lot, necessary to provide the required area per dwelling unit, shall be separated in ownership from the portion of the lot upon which the building containing the dwelling unit or units is located. Provided, however, that where building site areas vary from the aforesaid minimum requirements the Planning Commission, upon its own motion or by application of a property owner or owners, shall ascertain all pertinent facts and determine what, in the face of such facts, would constitute the greatest adherence to the standards and purposes of this ordinance and to effect and approve such adjustment as it pertains to specific property as the Planning Commission may deem advisable."

(d) It is not the purpose of and this Section does not attempt to regulate subdivisions as defined in the Subdivision Map Act, or in the California Real Estate Act, being Sections 11000 to 11658 of the Business and Professional Code of the State of California, and is intended only to regulate the division and subdivision of four lots or parcels of land, or less.

SECTION 2. That said Ordinance No. 469 shall be and the same is hereby amended as hereinabove in Section 1 of this Ordinance set forth.

SECTION 3. The City Clerk shall certify to the adoption of this Ordinance and prior to the expiration of fifteen (15) days from the passage thereof, shall cause the same to be published once in the Sierra Madre News, a newspaper of general circulation, published and circulated in the City of Sierra Madre, and thirty (30) days from and after the final passage thereof said Ordinance shall take effect and be in force.

I HEREBY CERTIFY that the foregoing Ordinance was adopted at an adjourned regular meeting of the City Council of the City of Sierra Madre, held on the 3rd day of October, 1949, by the affirmative vote of at least three Councilmen, to wit:

AYES: Councilmen Kinney, Nuetzel, Steinberger.
NOES: None.
ABSENT: Councilmen Barter, Korsemeier.
Lawrence B. Brain,
City Clerk of the City of Sierra Madre
SIGNED AND APPROVED
THIS 3rd day of October, 1949.
J. Milton Steinberger,
Mayor of the City of Sierra Madre.
ATTEST:
Lawrence B. Brain,
City Clerk.

Game Hunters Get Advice On Deer Meat Preservation

Tips to hunters on how to care for deer meat were given this week by a commercial meat locker plant.

An outline prepared by J. J. Hoey described several steps that should be taken if the hunter seeks the utmost enjoyment from his venison.

Observance of these rules, Hoey said, will result in deer meat reaching the freezing plant or home unit in good condition, on which the quality of the meat depends.

1. Most important, the writer states, is to try for a neck shot in the kill. Poorly placed shots mess up the carcass and spoil otherwise good meat adjacent to the wound.

2. The dead animal should be bled and cleaned immediately at the scene of the kill.

3. Cool thoroughly. Hang the meat overnight in a cool, breezy place. Spread the deer's ribs with a stout stick to allow air to circulate inside the carcass.

4. To protect meat from possible contamination, leave the animal's hide on the body.

5. Wrap the carcass thoroughly. This keeps the meat cool and prevents flies, dirt, and other contaminants from reaching meat.

6. While traveling, keep meat away from direct heat. Carcass should not, therefore, be lashed onto the front fenders and hood of the automobile.

7. At destination, take kill directly to the locker plant or place it into a home deep freeze unit.

8. Learn to cook venison properly so that the maximum flavor is derived from the meat.

9. Where the deer hide is to be utilized for personal use, as permitted by law, salt the hide and spread out flat in the shade to dry. Do not roll the skin, this being injurious to the hide when tanning.

Grammar School Students Hear About Fire Protection

More than 400 Sierra Madre Grammar School Pupils of grades 2 to 6 attended a Fire Prevention Week assembly last Thursday, according to School Superintendent Charles Skutt.

Fire Chief James Heasley told the children about being careful to avoid fires, and Ranger Leslie McCloud presented a film of the U. S. Forestry Service, "Snow Harvest."

The motion picture described a relatively new service of the federal agency that determines in the winter how much water to expect in spring. Samples of snow are classified on the peaks of high mountains, and a fairly close guess at the amount of water to be available during the spring and summer months can be computed.

Following the program, each classroom carried on a discussion of what had been learned in the assembly.

Superintendent Skutt said a fire drill, conducted shortly after the assembly, was accomplished in near record time. He said the school building was completely cleared in 65 seconds.

"Anything under 90 seconds in vacating both floors of the school is considered very good," Skutt said.

As an additional follow-up of Fire Prevention Week, Mrs. Samuel McElfresh took her second grade students to the City Fire Station Friday afternoon.

Chief Heasley showed the children around the department, and allowed each one to slide down the firemen's pole.

Nebraskans to Hear County Supervisor

John Anson Ford, County Supervisor, will be the speaker at the Annual Fall Picnic of Nebraskans, to be held Saturday, Oct. 22, in Sycamore Grove, Los Angeles. Ford will analyze the social and crime problem in Los Angeles.

A collection of Nebraska newspapers will be featured on the 93 registration tables where guests sign-up by counties.

Childrens Hospital Lauds Work of Guild Members

Members of the Sierra Madre Guild recently received a letter of thanks for their work with the Children's Hospital of Los Angeles.

The Guild was formed last September and formally installed in March of this year as an organization to serve and to raise money for Children's Hospital and Convalescent Home.

"Our nurses on the infant's ward were delighted with the dainty and well-made baby kimonos and saques which the Sierra Madre Guild made for our children. It is so nice to have the interest of your group in the work which we are doing with the sick and crippled children of the community."

"We wish it were possible to share with you the satisfaction we have of seeing well children returned to their parents. The little turtle tray favors made a tremendous hit with the children. Most of them are still perched on the bedside tables, the turtles, that is. "With renewed thanks for your thoughtfulness and generosity."

Signed, Miss Reha C. Ackerman, Assistant to the Administrator, Childrens Hospital Society.

Messiah Due December 16

Stewart Matter, director of the City Chorus, this week announced the performance of "The Messiah" would be held Friday evening, December 16, at 8 o'clock.

All arrangements have been made for the performance in the School Auditorium, Mr. Matter said, and the public is cordially invited.

In spite of last Monday evening's drizzle, members of the Chorus turned out for a successful rehearsal.

The importance of attending every rehearsal is emphasized by Director Matter, who says that the best performance is possible only with complete knowledge of the score by both soloists and choristers.

City Attorney's Son To Perform in Play

Among the cast for the League Play at Monrovia-Arcadia-Duarte High School is Stanley Cornyn, son of City Attorney T. Guy Cornyn.

Stanley, who lives at 957 Valtante Drive, Arcadia, will portray the part of Sherwin Parker in this year's comedy production, "Every Family Has One."

The League Play is staged each year by the Boys' and Girls' Leagues of MAD and will be presented to the public on November 10 in the high School Auditorium.

Other area residents in the cast are Carol Jacobs, Nancy Eastman, Betsy Rothwell, Esther Vance, Adrienne Brown, Robert Towner, Lynn Scott, Richard Carlson, Don Smith, Judy Muscat, and Howard Sanger.

Many Teams Apply For Jr. Bowl Game

One hundred and fifteen junior colleges from every section of the nation have already made bids for invitations to the 4th Annual Junior Rose Bowl game set for Dec. 10.

Durwood Howes, eastern teams chairman of the Pasadena Junior Chamber of Commerce, said his organization, which sponsors the event is highly pleased with the quality and quantity of applications.

It had been rumored last week that the Junior Rose Bowl game would be discontinued because of the eligibility squabble centering around both Pasadena Junior Colleges.

Don't forget—traffic laws apply to pedestrians, too.
